*"People ask me why I would consider getting into the messy business of politics. The answer is quite simple – our kids. The children of Washington State deserve a bright future with a strong economy. We owe them a world-class education that will prepare them for that future. And, we should leave them a clean environment to enjoy. I believe, working together, we can achieve all that."*

## MEET CHAD MAGENDANZ

Rep. Chad Magendanz, the ranking Republican on the House Education Committee, Assistant Floor Leader and past president of the Issaquah School Board, has a proven track record for working across party lines, budgeting responsibility, and putting our kids first.

A former Navy submarine officer and program manager at Microsoft, Chad holds a degree from Cornell University in Electrical Engineering. He currently works as a software design consultant to Nike, Panasonic, Microsoft and other high tech companies in the Northwest.

Having lived on Tiger Mtn. in Issaquah for 19 years, Chad and his wife Galen now have two teenage boys. An avid outdoorsman, cyclist and triathlete, he's a Kiwanis member, precinct committee officer, PTA legislative representative and classroom volunteer.

**EDUCATION:** Our last biennial budget saw 11.4% (\$1.6B) growth in K-12 spending, 12.4% growth in Higher Education and the first college tuition freeze in 27 years. By prioritizing new money into education by a factor of 4-to-1, we've shown we can put our kids first and still protect the most vulnerable. In addition, we included key reforms focused on student outcomes and raising expectations to prepare schools for the 21st century.

**ECONOMY:** Many in the 5<sup>th</sup> District were dealt a crippling blow from the economic downturn. We need representatives in Olympia who can show fiscal responsibility and reduce spending...just as we're all now doing in our homes and small businesses. Our bipartisan budget expired nearly 3x as many tax dollars as it raised, and it passed with almost 90% support.
